- Preliminary round:** 6 games American style of play.
Lane change after 2 games one lane pair to the right in the block.
- Final round:** The top 4 places after the preliminary round qualify for the final round in each competition.
- The match for third place is canceled, and both semifinal losers are awarded third place and honored with training grants as shown in the overview.
- In case of a tie, the lower difference between the highest and lowest game from the results of the preliminary round determines the better placement.
- All final rounds are played in the "best of three" format, meaning that the winner of two games qualifies for the next round. The matches are played using European style of play and frame-by-frame scoring. In case of a tie, a roll-off (2 frames) will determine the winner. The better-placed player chooses the starting lane.
